\*The **2,734** total patients served by the midwife, from Nov. 2011 to June 30, 2015, benefitted from the following services: treatment for internal diseases, pregnancy and vaginal tests, pre-natal/post-natal care, newborn care and health and nutrition info. (an average of 69 patients per month for the 3.5-yr. period).

The midwife began providing birthing services, after the opening of our Midwifery Center in Oct. 2012, and has delivered **69** babies since then.

She has offered information about family planning/birth control and has trained **1,112** mothers in a monthly Family Planning and a Child Care Training Program, since Feb. 1, 2012. Since then, an average of 25.27 mothers per month have received family planning and child care training from our Midwife.

The total number of women benefitting from all the above mentioned services by A4T's midwife is: **3,846** patients. From January 2015 to end of June 2015 a total of **857** patients received IM and IV (intravenous) injections, dressing, matching serum and pregnancy test

The vaccination program for children and mothers started at Abdullah Omar Health Post in August 2007. Since then, the total number of patients receiving vaccination services is: **14,422** patients (an average of 169 patients vaccinated per month--in 85 months).

The grand total for the Abdullah Omar Health Post (all patients treated, patients vaccinated and all female patients served by the midwife) is: **91,803** patients (an average of **946.42** patients per month--from June 2007 until June 30, 2015).

The Afghan villagers pay 30% of their medication and treatment fees. However these fees cover only a fraction of the salaries, equipment and medicines cost. (Those unable to pay are treated for free.) Please support our Health Posts' services and medicines for the poor. Your donations will be used to fund, for example, monthly salaries for: our staff (\$800/mo.-Doctor, \$400/mo.-Dr.'s Assistant, \$320/mo.-Midwife)

and \$500 per month for medicines for both the Health Post and Midwife Programs. Make a tax-deductible donation to support our programs at: [www.afghans4tomorrow.org/donate](http://www.afghans4tomorrow.org/donate) .

Photo of the A4T midwife and baby girl, were taken at our Midwifery Center by our female cleaner in Oct. 2014. For more info. and photos please go to [www.afghans4tomorrow.org/projects/health-and-midwife-program](http://www.afghans4tomorrow.org/projects/health-and-midwife-program) .

Note: 3,332 is the total # of patients for from 1<sup>st</sup> January 2015 to end of June 2015, an average of 555.33 patients per month; lack of medicine was the main reason for the low number of patients.
